Foreclosure – Homelessness – Affordable Housing

The number of people left homeless or struggling to pay their rent or mortgage is growing in today's troubled economy. Thankfully, we are encouraged by early signs in Washington D.C. – the federal government seems to be recognizing America needs it to renew its commitment to affordable housing.

The MN Federal Housing Action Coalition presents:

"Renewing the Federal Government's Commitment to Affordable Housing"
Guest Speaker: Sheila Crowley, *Executive Director, National Low Income Housing Coalition*

Come hear national affordable housing expert Sheila Crowley share with us new ideas for federal advocacy & the key role Minnesota plays in moving a national affordable housing strategy forward.

Friday, March 13, 1 – 3:00 pm
